Dear Parents,

EISD is considering implementing a Student Drug Testing Program for students in grades 6-12th beginning with the 2010-2011 school year. Positive drug test results *shall not* be used to impose disciplinary sanctions or academic penalties. EISD's primary goal is to deter the use of drugs by providing students with a way to say "no" and provide parents a tool to monitor their son or daughter.

EISD would like to invite you to one of three presentations (see times and dates below). The purpose of the meeting is to present the program and provide parents an opportunity to hear firsthand what the program will involve. Parents will have an opportunity to ask questions and provide input. The student drug testing program is a big step in the right direction. The program gives EISD and Elgin a powerful tool for helping to control one of the worst threats facing our children today. Please come join us as we work to provide a potent way to ensure the safety and welfare of students.
