

EISD Board Meeting Update

February 15, 2010

Superintendent's Report

Construction Update – Bill Graves

Recommended Additional '07 Bond Projects will be presented to the Board in March to look at prices. If all approved, \$150,000-\$200,000 would remain for other projects. We are in the process of looking for land. There is \$500,000 in the '07 project to purchase land. From the most recent demographics, growth is projected between here and Manor. If the airport project takes place it could change the demographics. There is no deadline for spending that part of the money. Enough money has been spent to meet the guidelines, but this should probably be done within the next year.

Enrollment: Current Enrollment - 3955

Information Items

Horticulture Class presentation on Landscaping at the High School

Becky Maass gave a slide presentation with plans for landscaping at the high school and middle school. This was one of the requests for use of bond money from the schools.

FFA National Convention Trip Report with Fall Activities Recap

Sarah Harkins and Taylor Sanders reported on the FFA National Convention Trip to Indianapolis, IN and thanked the Board for the opportunity for the officers to take this trip. A slide presentation was given on different activities attended.
