

Debra S. Irwin, MD

Dr. Irwin graduated from Hardin-Simmons University in Abilene in 1977. She entered UTMB, Galveston in 1978 and graduated in 1982. Her residency in Family Medicine was done at Hendricks Medical Center, Abilene, Texas, graduating in 1985. As of February 2016, she joined the Community Health Centers of South Central Texas providing supervision and practicing at the Bastrop and Elgin clinic sites. Dr. Irwin has had her board certification in Family Medicine since 1986 and is currently certified until 2022. She has been on multiple medical mission trips to Mexico and Honduras. She serves on the board and as a volunteer for Mini Horse Helpers, a miniature horse therapy group. She has served as a deacon and as chairperson of the Church Council of the Sanctuary Church, Austin, Texas, and on the Board of the Girls Home in Abilene, Texas.

Family Health Center at Elgin ISD

Shannon Perryman, FNP

I have been a nurse for 17 years with recently obtaining my Masters in Nursing as a family nurse practitioner in 2015. I love seeing patients and treating them as a whole. I strongly believe there is a body, mind and spirit approach in overall well-being and health.

I am an active part of my church where I have served on a regular basis for the last 3 years. When I am not having fun with my daughter who is my world, I enjoy doing research on the latest evidence based practice in medicine and treating my patients with the latest and greatest practices.

Look forward to treating and serving all of those that are looking for a primary care provider who thoroughly enjoys her work.

902 W. 2nd St. Elgin, Texas, 78621 | (512) 229-3334

The Family Health Center is located in the old high school — the behind the water tower.
