Phoenix High School is an alternative high school for students who have had difficulty achieving success in a traditional setting, for any number of reasons. Our students are expected to graduate with their original cohort at Phoenix High School. All students go through an application and interview process to determine acceptance into Phoenix High School. We only choose students who are committed to graduating from high school into our program. Because of the time spent in the application process, you need to make sure that Phoenix is where you want to attend.
