## ELGIN ISD Student & Family Support Services

“It takes a special person to light that fire, to raise our children’s expectations for themselves and never give up on them, no matter how challenging it might be. All of us are here because, at some point, somebody did that for us.”

Elgin ISD changes  
lives!

## Overview

We work with the parents, teachers, and administrators to ensure the success of all students in school and help students reach their full potential as positive members of the community.

We tend to work with At-Risk and homeless students, but our goal is to ensure the success of all students. We serve as an advocate for children and as a liaison between home and school.

## Services Offered

1. Make home visits to communicate with parents about student performance and other school related issues.
2. Set up conferences between school staff and parents either in the home or at school.
3. Make home visits to check on poor attendance and encourage excellent school attendance.
4. Contact the parent, or legal guardian of a student who is having academic or disciplinary problems at school.
5. Attend and participate in ARD meetings.
6. Schedule and provide transportation for doctor appointments for students.
7. Monitor At-Risk student's progress.
8. Provide translation when needed.
9. Serve as advocate for the students when dealing with home and school.

## Goals

*To coordinate the efforts of parents and school personnel who will enhance and enrich the educational opportunities for all children.*

*It takes a village to raise a child*
