Discipline Policy for Transportation

Texas Education code on Disruption of Transportation (TEC 37.126)

- (a) Except as provided by Section 37.125, a person commits an offense if the person intentionally disrupts, prevents, or interferes with the lawful transportation of children to or from school or an activity sponsored by a school on a vehicle owned or operated by a county or independent school district.
(b) An offense under this section is a Class C misdemeanor.

All students transported by the school transportation department will be expected to follow the same disciplinary rules when riding the bus as they do in the classroom. Buses have video systems and the data from these cameras will be used to support the driver's report to the student management specialist. Video surveillance may be shared with campuses and additional disciplinary action may be taken by campus administration. Those who disregard the rules will lose their transportation privileges. If student's transportation privileges are revoked, it will be the responsibility of the parent to transport their student to and from their respective school.
